

September 10 2010

To Whom It May Concern:

This letter is in regards to our past working relationship with Pioneer Welding and Fabrication. Our last project that required steel fabrication was awarded to this company. Their performance and expertise made the entire process run smoothly. Kurt Marn and his team are very knowledgeable in their field and handled all aspects of this project.

Sincerely,

A handwritten signature in black ink, appearing to read "Bud Brinker", is written over a light blue horizontal line.

Bud Brinker, VP
Akers Custom Homes, Inc.
